Collections

AROUND THE GLOBE

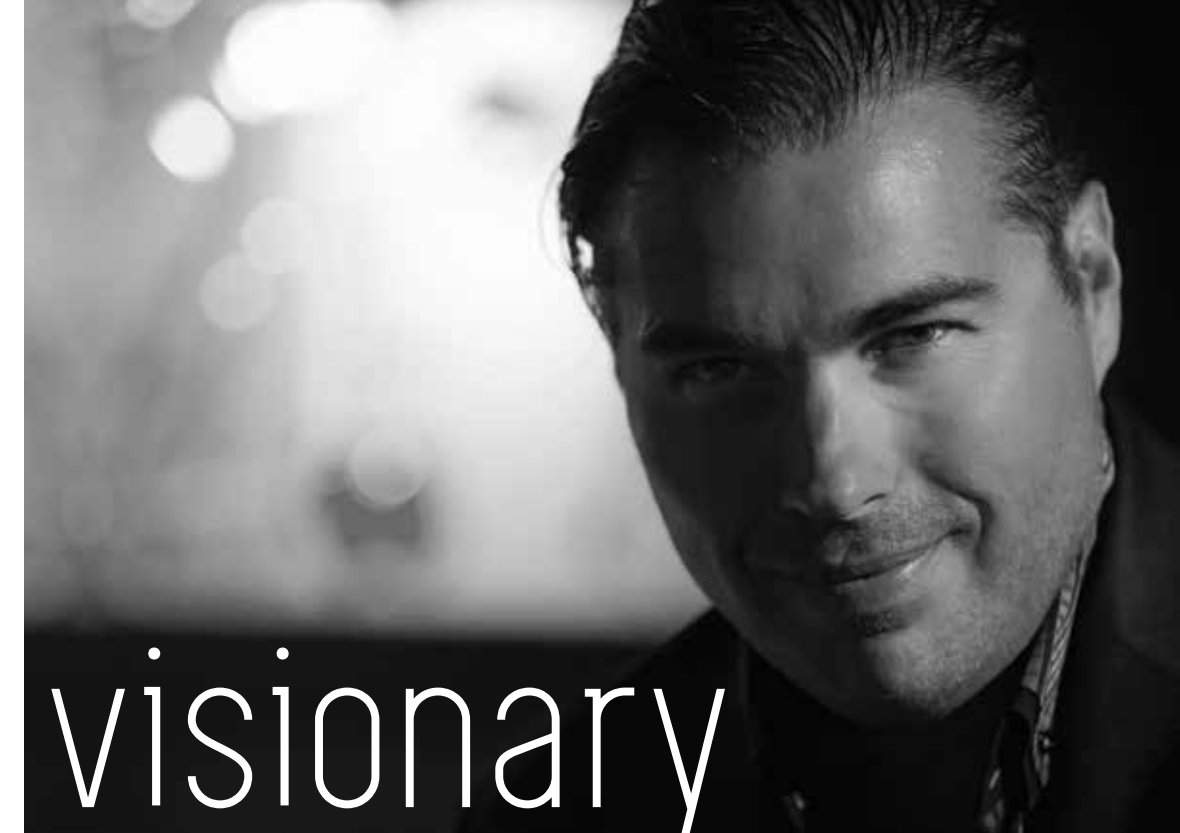

LISABEL has garnered a succession of
global honours and awards.

Her abstract and semi-figurative paintings
are found in over 1,500 collections
around the world.

Lisabel Filiatrault (LISABEL) was born in 1968 in Quebec, Canada, where she began to hone her craft from a young age. In 1990, working in the commercial composite materials industry, she developed a new artistic technique using polymers. Starting in 2007, LISABEL embarked on her journey into the art world full time.

Renowned businessman Glenn Miller is a passionate entrepreneur who is disrupting the art industry with innovative business models that craft sensory experiences, including the launch of Galerie LISABEL in 2007. Glenn is President and founder of MBG Finance, mentor for the McGill University MBA program, and an expert in financial restructuring.

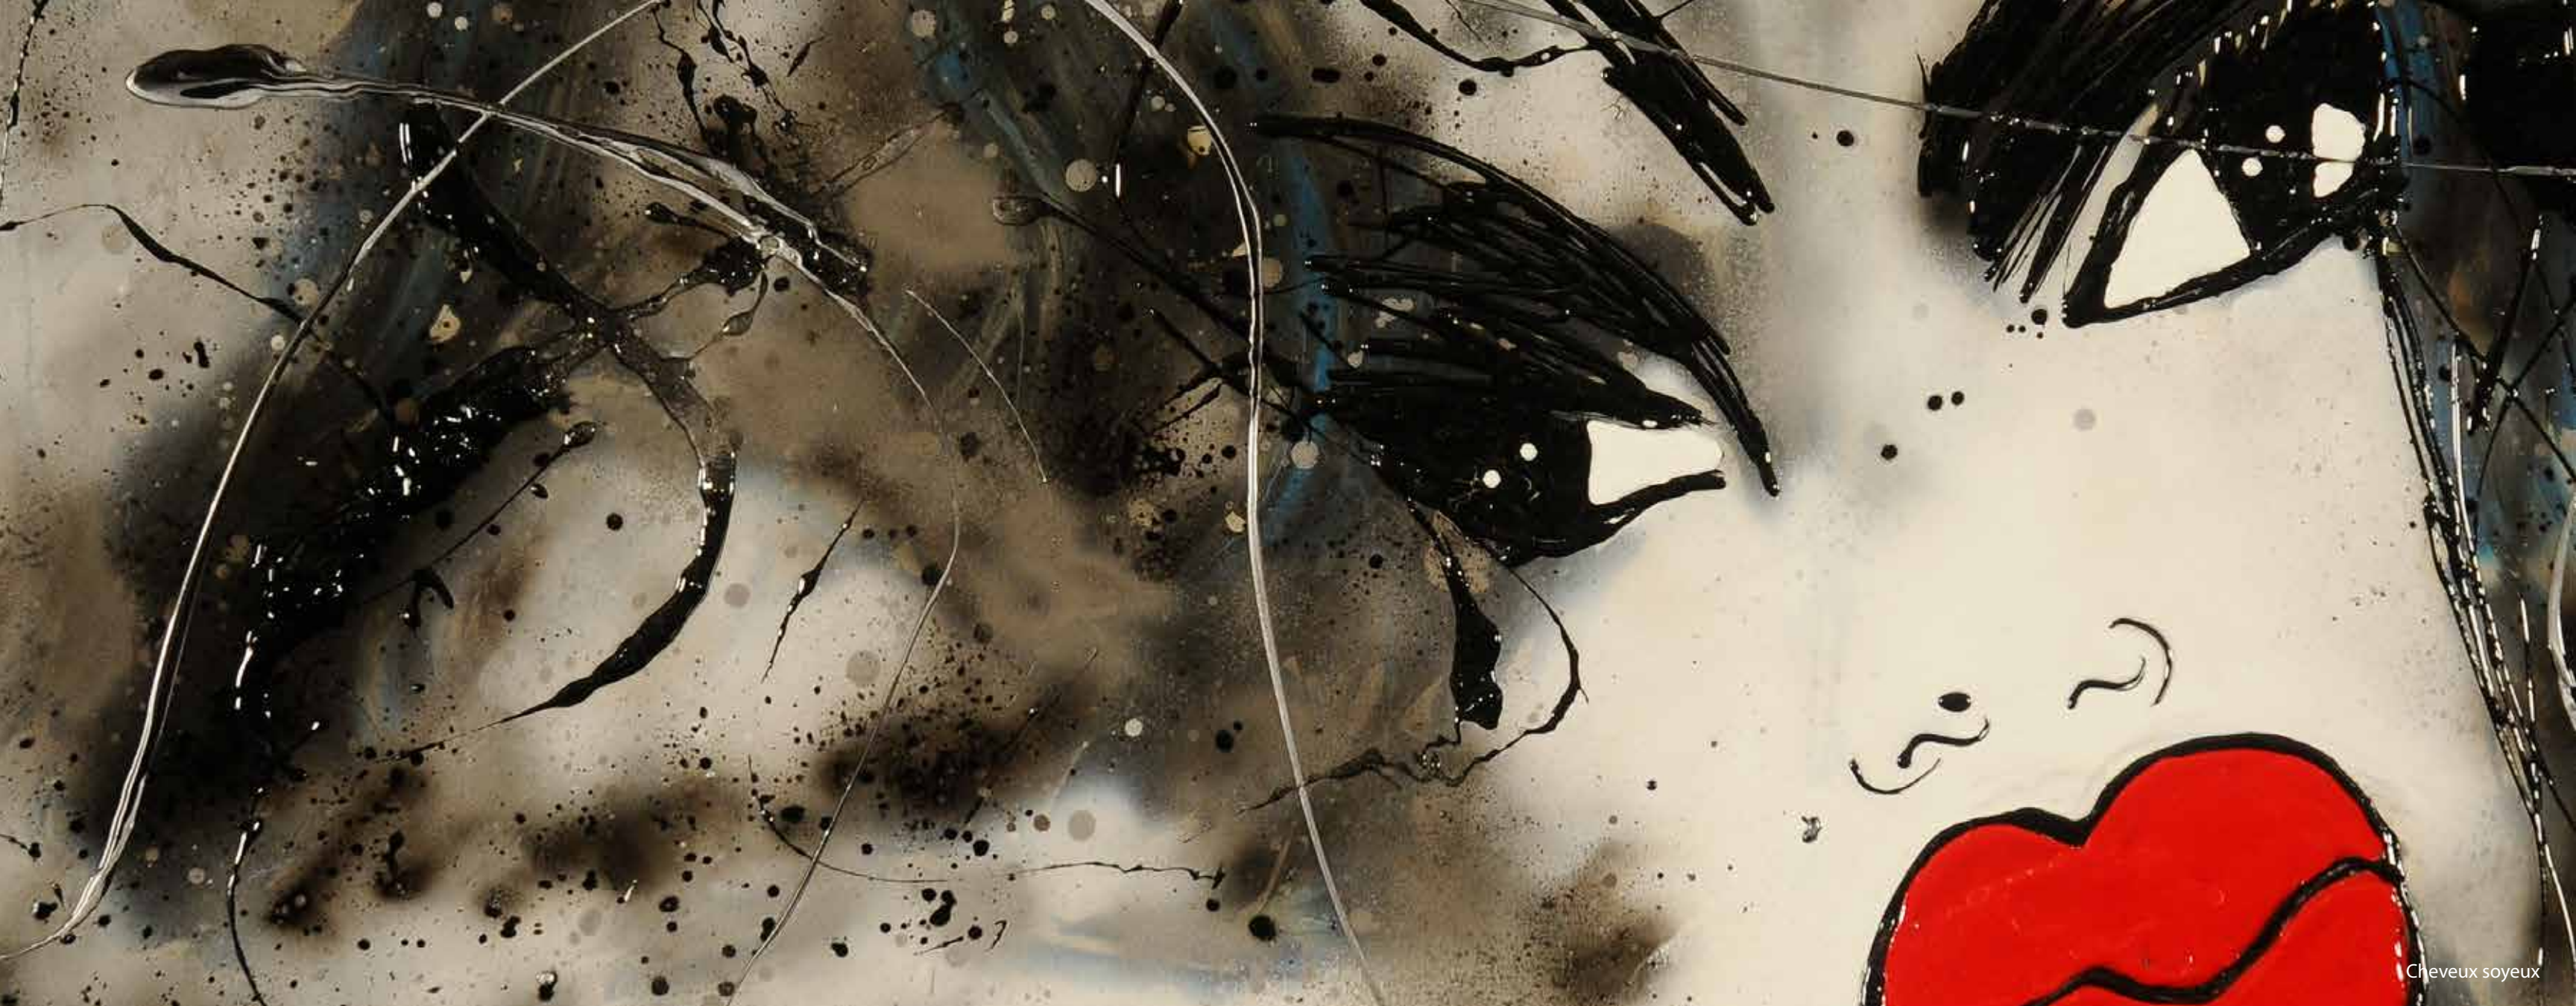

Together, Glenn's business acumen and LISABEL's artistry know no bounds.
